3rd Ward meeting Wednesday to discuss

Parkhurst Place, Rockledge Road traffic

Residents living in the area of Parkhurst Place and Rockledge Road have been invited to take part in a discussion on a proposal to change traffic patterns in the area to one-way.

Township Engineer Kimberli Craft sent the invitations out to residents on July 31. The meeting is scheduled for Wednesday, Aug. 20, at 7 p.m. in the second floor conference room of the Municipal Building, 205 Claremont Ave.

Third Ward Township Councilman Sean Spiller said that, despite some residents' concerns, recent work in the area revolves solely around a traffic light the council recently approved.

The traffic pattern of the area has still yet to be determined, Spiller said.

The purpose of the meeting is to make sure that residents are kept in the loop regarding potential changes to the area, Spiller said. While he will be in attendance, Spiller said that the meeting will be conducted by Craft. The ultimate decision on the area's traffic pattern will be up to the Montclair Police and Engineering departments, Spiller said.
